“ Barb & John,
Catherine was a good friend and she has always helped out with our kids and family through the years. Don and George were best of friends from working together at Bowen's and there were many fun and happy times remembered with your Mom and Dad.
Catherine was amazing at the Hannah House adult spelling bee fund raisers, winning them several times. Including the time the moderator chose a random word not on the list, spelling it correctly and giving the definition of the word. Catherine will definitely be missed.

“ thinking of our American family at this sad time. Aunt Cath played such an important part in all our lives. She always made us welcome when we visited, taking us all over. I especially enjoyed the visits to the International Club with all her British GI Bride friends, they were such a happy united bunch. Her visits to England were always special too and she was interested in everybody and everything. She had such a razor sharp mind even in later life for which I admired her. She will be sadly missed by so many people whose lives she touched. I am sad to lose contact with her now but have many wonderful memories and of course lots of photos. A wonderful Aunt, amazing woman and absolutely unforgettable. With love PAM (MILTON) Niece I can only hope she is now reunited with Uncle George, at peace.

“ I often think about the time we spent in the states (August 1970),it was such a big thing for us to travel all that way especially for my mum Frances going to meet her sister Catherine and family and our sister Chris.Frances had not seen her sister Catherine for several years and was so happy and excited about the trip.Catherine wanted us to see and do everything whilst we were there it was such an amazing experience and something I will never forget.We flew back to England with some of George’s giant tomatoes picked from his allotment Catherine wrapped them up and hid them in our suitcase,I’m sure we wouldn’t get away with that today. I enjoyed our chats on the phone, Catherine often spoke about her family and her grandchildren and how proud she was of them. Well Catherine a little bit of Norfolk dialect only you will understand

Well Catherine my booty! Cheerio bor monied ‘ow yer go’
