“ I never personally met Evelyn, but she was a customer at where I work. I had talked to her on the phone off and on for the past 5 years. She was always very kind, and nice to talk to. When we were doing work at her house, I would talk to her about 6 or 7 times a day, she would forget if she asked me a question, so she'd give me a call. I would listen and talk to her like it was the first time she called me that day. I wanted to let the family know, sorry for their loss, she always seemed to me as a nice sweet lady.##imported-begin##Belinda##imported-end##
