Tribute Wall

“ To the family of Gary Evans--As a former Hardin Northern classmate, neighbor and friend of Gary, I would like to extend my sincere condolences to his family on his passing.

I will always recall Gary as a very brilliant man, one who you always knew would go far in whatever career path he chose, and obviously working with Lear and then Boeing, Gary was indeed a very successful engineer. Having just moved from the state of Washington to Florida this summer, I was surprised to learn Gary had lived in Everett the past nine years--I wish I had known he was that close as I lived many years less than 100 miles from him.

May God's promise comfort you in the loss of Gary and may his memory live on to all who knew and loved him forever. God Bless you during this difficult time. Sincerely, Randy Morrison##imported-begin##Randy Morrison##imported-end##
