“ What can you really say? Through the years we had our ups and more downs but the last couple of years this girl came to my rescue . Messaging me when she felt something was up, asking do you need me to come to town, and no one better talk about our son. She had the biggest heart and became my go to girl when I was down. I will cherish the last couple of years memories. I will miss our messages and I will miss that love ya girl!!! You became a huge blessing to me and I will never forget you until we meet again beautiful. Fly high
