“ *Our heartfelt sympathy to Cubs family and loved ones. I had the pleasure to have worked with him over many of his years at The Andersons. He was a man true to his beliefs and always a smile. He and I talked many times about retirement, and I'm so sorry his time was way too too short. He will be missed by all of us who knew him.*

“ So glad I had the opportunity to work with Cub our entire careers after high school. He's been a life long buddy who would do anything for you and it's been a rewarding friendship. Now our parents may have had something to say about a few of our childhood adventures, but that's another story. God bless Cub and his family.

“ I believe people come into our lives for a reason. That being said Cub touched us in so many ways. His quiet strength, his love for his family, and for being Paul's best buddy. Always with a smile maybe not saying much but when he did it was always something good. How we were heartbroken when we got that call...how we still wait for you to call and say "how are things"...how we will say good bye we don't know. But one thing for sure you won't be forgotten and our memories and fun times will keep in our hearts and bring us comfort. For now, good bye buddy...we loved you.

“ I believe people come into your life for a reason. Cub came into ours by chance and the most wonderful friendship bonded him and Paul together. They shared many years of fishing, meeting at Cabela to "check out" the newest lure or for just the sake of meeting. They shared many a breakfast at this time. Their trips to Canada to go fishing was the highlight of the summer. For me it was to have him come over and I would make a dinner and he would just sit there and smile, which was my signal that he really liked what I had made. We thought we would have many more of these times, but tomorrow isn't promised. So sadly with hurtful hearts we say good bye. And will treasure our memories. Our love to the Hinesman family for always including us in their special times. Much love, Paul and Barbara
