“ My heart just aches, you left this world way too soon. I was fortunate enough to get to know you soon after you were brought into this world. I started to babysit for you when you were about 4 weeks old, and continued to watch you until you were about two. You always had so much energy and were into everything. You and Liberty kept me on my toes for sure! The two of you spent so much together it was almost like we were family. Liberty even called your Dad Uncle Scotty, and refers to you as her cousin. You have touched so many lives with that infectious smile and orneriness you will be greatly miss, but never forgotten. And you will always be my Neil, Neil Banana Peel! Fly high! Hugs to you Scotty!

Neil would come his grandpa Neils my neighbor. My Great Grandson at the time was three years younger than Neil. Tyler idled Neil so many questions about a special knife and Neil spent a lot of time with Tyler. Everyday he would go to grandpa Neil's to see if Neil was there. I loved the young boys friendship. Very special young man but always remembered
