“ There are no words that can describe Regina, she was loved by many. My dad wired her house when she built it, I bot my first home from her, and still live there. While the kids were growing up and she would be out driving around checking out the farm, the kids would flag her down and she would stop and talk. She was more than just the person we bot our house from, she was a part of my family. I, we loved her very much and will miss her. God Bless you and your family during this trying time, we will keep you in our prayers.##imported-begin##maggie rowland##imported-end##
