“ *Susanna,*

I am so sorry for your loss and the pain you feel. I wish there were words I could say to help you during this difficult and emotional time, but there really isn't. What I can promise you is that in time all the memories you have with Apa will be like hugs from heaven and will keep him ALIVE in your heart and in your mind. And the stories you tell the boys and conversations with your mom and your Michelle will be therapy for your soul.

You have a self-less spirit and give of yourself completely and unconditionally and I promise that he knew that, not just knew it in his mind but knew it in his heart and gave Apa comfort and peace to transition into his eternal self.

Well you know I love you and that I am here for you and we will see you when you get back home.

Love ya!
